With the features and capacity of a high-cost sophisticated ECR, the affordable SAMSUNG ER-4940 is the ideal choice for high traffic retail, gas, and convenience stores.

**15 Programmable Departments, Expandable to 40**

The ER-4940 includes programmable 12 character alpha descriptors for each department. Each department is individually programmable to serve a wide range of needs. Departments may be open, with a high amount limit, or assigned a preset price. Additional department options include food stamp and gallonage functions.

**300 Price Look-Ups**

The ER-4940 offers 300 PLUs with 12 character alpha descriptors as a standard feature. Track fast moving items with preset PLUs or report

additional product breakdowns by entering sales into open price PLUs. PLUs have the same extensive programmability as departments. Plus, PLU to PLU linking may be implemented to add bottle deposits automatically.

**10 Department Group Totals**

Conveniently divide your departments into 10 major group categories. One glance at your group report will keep you informed.

**Up to 6 Media Keys**

Use cash, check and up to 4 different charge keys, or 3 preset tendering keys (\$5.00, \$10.00 or \$20.00) with one charge key.

**Discounts, Surcharges and Coupons**

Assign up to four keys for discounts, surcharges, store or manufacturer coupon keys.

**Security and Management Control**

Programmable options let you enforce the appropriate level of security for your business. Among many options, you can control coupons, discounts, voids, refunds, cancels and negative sales. Plus, the ER-4940 provides strict cash control with enforced closed drawer.

**Reliable System Components**

The ER-4940 features a heavy duty dot matrix printer, a large easy to read operator display, a standard pop-up customer display and a full size steel cash drawer with a removable 5 bill/5 coin drawer insert.
